

Sydney Care can help with COVID-19 symptoms

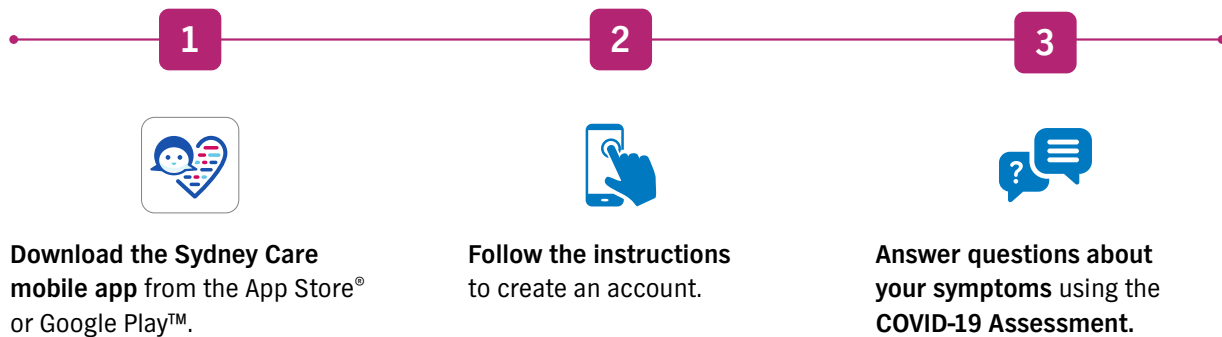

Check your potential risk quickly with the 24/7 Sydney Care mobile app

The free Sydney CareSM mobile app is a quick and easy way to find health answers – without leaving home.

Assess your symptoms

If you're not feeling well, you can assess your symptoms on Sydney Care in three easy steps:

Connect with a doctor

If you need medical care after you assess your symptoms, the app will connect you to a doctor through a LiveHealth Online video session or Virtual Care text session.

The doctor you see during your telehealth visit can evaluate your symptoms, help you understand whether you are at risk for COVID-19, and let you know whether you need to visit a local health care provider for COVID-19 testing.

How much does it cost?

The Sydney Care COVID-19 Assessment always comes at no extra cost to you. Between now and December 31, 2020, your first two Virtual Care text sessions will be free. Additional Virtual Care text sessions will cost \$19 each. If you choose to connect to a LiveHealth Online video session, you may have out-of-pocket expenses depending on your plan's benefits.
